16.00-17.30

17.30-19.00

9. Summer practice: Each student of the Faculty of Medicine is obliged to take 140 hours of **nursing practice after the first academic year**. The practice is credited on the basis of the certification from the place/institution of the practical training, **written in English**.

10. At the end of each semester a teacher evaluates students' work sending protocols to the Dean's Office

A student either gets '**credit**' (=OK) or '**no credit**' (=problems)

There are two kinds of 'no credit':

- so called '**green condition**'/FX – there is still a chance to get credit, take the missing exam (if any) before 25th September and enter next year;
- '**red condition**'/F – means repetition of the whole course, as a result repetition of the year.

If you have 'no credit' of any kind, you are not allowed to sit an exam. (See: *Regulations of Studies PAM*).

11. In order to be successfully promoted into the next year you have to deliver the following documents to the Dean's Office **by 25th September 2009**:

- a) index/credit book with all the signatures
- b) academic achievements record with all the signatures
- c) confirmation of your summer practice **in English** which should include:
 - ✓ **the name of the institution** you were having your practice; **City/Country**
 - ✓ **stamp** of a doctor/supervisor responsible
 - ✓ **dates** (from /till)when you were having the practical training
 - ✓ **the amount of hours** done & your **duties**
