

## BLOOD VESSELS

1. Thrombus organisatus
2. Thrombus recens parietalis
3. Atherosclerosis
4. Polyarteritis nodosa

## HEART

5. Cor villosum
6. Infarctus myocardii recens
7. Cicatrix post infarctum myocardii
8. Myocarditis interstitialis productiva
9. Lipomatosis myocardii
10. Endocarditis rheumatica

## LUNGS

11. Oedema pulmonum
12. Asthma bronchiale
13. Hamartoma pulmonis
14. Membranae hyalinae pulmonum
15. Infarctus haemorrhagicus pulmonis
16. Induratio venostatica pulmonum
17. Emphysema pulmonum
18. Bronchopneumonia
19. Carnificatio pulmonis
20. Tuberculosis miliaris pulmonum
21. Pneumocystosis
22. Carcinoma planoepitheliale pulmonis
23. Carcinoma anaplasticum microcellulare pulmonis (oat cell carcinoma)
24. Adenocarcinoma pulmonis
25. Mesothelioma pleurae

## LIVER

26. Amyloidosis hepatis
27. Cirrhosis hepatis
28. Haemangioma cavernosum hepatis
29. Hepar moschatum
30. Hepar anserinum
31. Metastasis carcinomatosa ad hepar

## STOMACH

32. Ulcus pepticum ventriculi
33. Gastritis chronica cum metaplasia intestinali
34. Adenocarcinoma ventriculi
35. Carcinoma scirrhosum ventriculi

## INTESTINE

36. Appendicitis phlegmonosa
37. Carcinoid appendicis
38. Diverticulum Meckeli
39. Adenoma villosum coli
40. Carcinoma mucocellulare coli
41. Adenocarcinoma coli
42. Colitis ulcerosa

## CNS

- 43. Encephalomalacia
- 44. Foci haemorrhagici minuti cerebri
- 45. Meningitis purulenta
- 46. Meningioma
- 47. Glioblastoma multiforme
- 48. Medulloblastoma

## PERIPHERAL NERVOUS SYSTEM

- 49. Neurinoma (schwannoma)
- 50. Ganglioneuroma
- 51. Neurofibroma
- 52. Neuroblastoma

## SKIN

- 53. Carcinoma basocellulare cutis
- 54. Carcinoma planoepitheliale keratodes cutis
- 55. Granuloma teleangiectaticum (pyogenicum)
- 56. Naevus pigmentosus compositus
- 57. Melanoma malignum cutis
- 58. Nodulus rheumatoideus subcutaneus
- 59. Verruca seborrhoica
- 60. Cystis epidermalis

## UTERUS

- 61. Carcinoma planoepitheliale invasivum colli uteri
- 62. CIN III (cervical intraepithelial neoplasia grade III)
- 63. Mola hydatidosa
- 64. Choriocarcinoma
- 65. Adenocarcinoma endometrii
- 66. Endometriosis interna uteri (adenomyosis)
- 67. Leiomyoma uteri
- 68. Polypus endometrii

## FALLOPIAN TUBE

- 69. Pyosalpinx
- 70. Graviditas tubaria

## OVARY

- 71. Teratoma adultum ovarii
- 72. Cystadenocarcinoma papillomatosum serosum ovarii
- 73. Folliculoma (granulosa cell tumor)

## BREAST

- 74. Fibroadenoma mammae
- 75. Carcinoma ductale invasivum mammae
- 76. Carcinoma lobulare mammae

## BONES AND JOINTS

- 77. Arthritis reumatoidea
- 78. Chondroma
- 79. Chondrosarcoma
- 80. Osteoporosis
- 81. Sarcoma Ewingi

**82.** Metastasis carcinomatosa ad os

SALIVARY GLANDS

**83.** Carcinoma adenoides cysticum parotis

**84.** Tumor Warthini

**85.** Tumor mixtus parotis

URINARY TRACT

**86.** Cytomegalia renis

**87.** Emboliae bacteriales renis

**88.** Pyelonephritis chronica

**89.** Carcinoma clarcellulare renis

**90.** Tumor Wilmsi

**91.** Papilloma vesicae urinariae

**92.** Glomerulosclerosis intercapillaris renis

LYMPH NODES

**93.** Hyperplasia follicularis lymphonodi

**94.** Lymphoma malignum lymphocyticum

**95.** Metastasis carcinomatosa ad lymphonodum

**96.** Hodgkin lymphoma (MC)

**97.** Sarcoidosis lymphonodi

**98.** Tuberculosis caseosa lymphonodi

THYROID

**99.** Carcinoma papillare glandulae thyreoideae

**100.** Carcinoma folliculare glandulae thyreoideae

PROSTATE AND EPIDYDYMIS

**101.** Carcinoma prostatae

**102.** Hyperplasia adenomatosa prostatae

**103.** Epididymitis tuberculosa

VARIA

**104.** Infarctus lienis

**105.** Amyloidosis glandulae suprarenalis

**106.** Fibrosis cystica pancreatis

**107.** Epulis gigantocellularis

**108.** Granulatio non specifica

**109.** Granuloma resorptivum

**110.** Necrosis telae adiposae

**111.** Seminoma testis

**112.** Cystis branchiogenes

**113.** Actinomycosis

**114.** Liposarcoma pleomorphum

**115.** Retinoblastoma

**116.** Carcinoma planoepitheliale laryngis
