§1

Sposób prowadzenia zajęć *Teaching Methods*

1. Clinical genetics classes are held in term of 10-days block and include:
 - * lectures
 - * seminars
 - * practical classes in Genetic Oncology Clinics
2. On practical classes in Genetic Oncology Clinics substitute clothing (apron) is required.

§2

Sposób i formy wyrównywania zaległości, w tym odrabiania zajęć na skutek nieobecności

Mode and forms of compensation of missed activities

1. Presence at all lectures and seminars is obligatory. The student cannot have any unexcused absences from the classes.

2. The certified excuse note comprises of medical reasons (doctor's excuse-health certificate) or the Dean's consent for student's absence.
3. Excused absences should be counted in agreement with the lecturer **during the block**.
4. Excused absences lasting more than 2 days does not allow taking the exam.
5. Absence from more than **two classes** is associated with the need to make up the entire block of classes.

§3

Warunki i sposoby dopuszczania studentów do zaliczeń i egzaminów *Requirements for course completion in order to sit the credit of exam*

1. Students who have previously passed all the seminars and practical classes in the Genetic Oncology Clinics will be admitted to the exam (including improved failures).
2. Student is required to pass the exam within the time set by the Department of Genetics and Pathology.

§4

Zasady dopuszczające studenta do poszczególnych zajęć w danym roku akademickim* *Principles of attending classes during the academic year**

1. All students who have been promoted for the 4-th year of the studies and are included in the dean's office list, are admitted to classes.
 - 1) Student will not be admitted to classes in the following cases:
 - a) Being late for classes exceeding 20 minutes;
 - b) Lack of necessary clothing required for the classes , eg. apron, variable footwear (sport or medical) and mask;
 - 2) Student will not be admitted to the classes or will be asked to leave from classes, in the event of noncompliance with the health and safety rules applicable in laboratory of Department of Genetics and Pathology PUM or in case of inappropriate behavior contrary to the study regulations or other kind of behavior regulations applicable at University/ Hospital/ Clinics, disrupting classes, endangering health, life or property, and also in the case of a gross lack of personal culture . Student who has not be admitted to classes or who has been asked to leave from classes has absences in these classes.
2. Student is obligated to prepare theoretically for the classes, what can be checked by random assessment.

§5

Warunki i sposoby przeprowadzania zaliczeń przedmiotu i egzaminów *Forms of credits, exams*

1. Students must present identity document with a photo for the exam.

2. During the exam, students are strictly forbidden to have any electronic devices, which could enable them to communicate with other people.
3. The exam will be based on knowledge presented on lectures, seminars and practical classes and also knowledge from applicable books, which are listed below.
4. The exam will be in the form of **single choice test** (45 questions). Condition to pass is to obtain 60% of correct answers.
5. Unjustified nonattendance for the exam is synonymous with the use of first-term of exam and negative mark.
6. Students who get a positive mark from the exam, also have the right to write **one retake** to get a higher mark in the next term of exam of the next group in the block of Clinical Genetics.
7. A student who has not passed the exam, has the right to write **two retakes**, which will be in the form of **single choice test**.

§6

Warunki zwalniania z niektórych zaliczeń lub egzaminów *Circumstances of exemption from credits or exams*

1. Exemptions from credits are not envisaged.

§7

Warunki dopuszczenia studenta do egzaminu w tzw. przedterminie, o którym mowa w § 32 ust. 8 regulaminu Studiów

Form of admission to the pre-scheduled examination, referred to in § 31 point 8 of Rules & Regulations of PMU

1. There are no preterm credits for the course.

§8

Kryteria oceniania *Assessment criteria*

1. The way to check the knowledge from lectures, seminars and practical classes is an exam with 45 questions in the form of a single choice test (60% of the correct answers are required to get the pass mark credit).

POINTS	%	MARK
0-26	0-57,5	Unsatisfactory, 2.0
27-30	60-67,5	Satisfactory, 3.0
31-34	70-75	Satisfactory plus, 3.5
