

Laboratories will be held at the **Department of Medical Chemistry** (situated at MCD1, Interdepartmental Didactic Center No. 1, Aleja Powstańców Wlkp. 72, 70-111 Szczecin).

DAY/GRUP NUMBER	LABORATORY	DATE
THURSDAY 8:00-10:15 N1 (1,2)	No.1 Qualitative analysis of inorganic compounds	11.01.24
	No.2 Properties of colloidal system	18.01.24
	No.3 Introduction to an acid-based equilibrium, The buffers	25.01.24
	No. 4 Kinetics of saccharose hydrolysis	1.02.24

Seminars will be held at the **Independent Laboratory of Pharmacokinetic and Clinical Pharmacy** (MCD3 building, Interdepartmental Didactic Center No. 3), located next to Unia Lubelska 1 Street, Plac Polskiego Czerwonego Krzyża 1, 71-899 Szczecin.

DAY/GRUP NUMBER	SEMINARS	DATE
THURSDAY 8:00-10:15 N1 (1,2)	No.1 The matter and measurements. Acid-base equilibrium.	30.11.23
	No.2 Homogenous mixture: solutions and colloids. Chemical reactions: rates and equilibrium.	7.12.23
	No.3 Computational tasks: calculation of various types of concentration	14.12.23 The seminar will last only two hour!

Lectures will be held **on-line** (available anytime on-line at TEAMS).

DAY	Lectures	DATE (available anytime on-line at TEAMS)
Monday-Friday for all groups	No.1 Ionic compounds, Free radicals and antioxidants	20 - 24.11.23
	No.2 Water in human organism and osmotic pressure	27.11.24 - 01.12.23
	No.3 Molecular compounds and chemical bonds	4 -8.12.23
