TIME	AUTHOR & SPEAKER	TOPIC
	Known in Germany as the “breast whisperer” Dr. Christiane Richter-Ehrenstein has dedicated her lifework to breasts. Being a therapist, oncologist, gynaecologist, obstetrician and surgeon at the same time gives Her a huge advantage. And for the students that is a real possibility to achieve the latest scientific knowledge from the highest level.	
16:00	Priv.-Doz. Dr. Christiane Richter-Ehrenstein	Less is more! New trends in the treatment of breast cancer!
16:40	Q&A session	

The Invitation is addressed to the students from the clinical years.

Therefore, as a first step, Dean’s Office urges the students to engage in closer dialogue with the Members of FFO Staff and in particular the students, who are interested in participation in EP Project “Practical Year Abroad” during 23/24, 24/25, to reach a mutual promise on the objectives of new information or even determine the scope of knowledge.
