

# Pomeranian Medical University in Szczecin

## SYLLABUS of the MODULE (SUBJECT)

valid from the academic year 2017/2018

### General Information

<b>Module title</b>	<b><i>Dermatology nad Venereology</i></b>
Module type	<i>Obligatory</i>
Faculty	<i>Faculty of Medicine and Dentistry</i>
Field of study	<i>Medicine and Dentistry</i>
Major	<i>Not applicable</i>
Level of study	long-cycle
Mode of study	intramural
Year of studies, semester	<i>Year III, semester V</i>
ECTS credits (incl. semester breakdown)	2
Type/s of training	<i>seminars (5h)/ practical (20h)</i>
Form of assessment	<p>- <i>graded assessment</i>: *</p> <p><input type="checkbox"/> <i>descriptive</i></p> <p><input type="checkbox"/> <i>test</i></p> <p><input type="checkbox"/> <i>practical</i></p> <p><input type="checkbox"/> <i>oral</i></p> <p><b><i>X non-graded assessment (final test)*</i></b></p> <p>- <i>final examination</i>: *</p> <p><input type="checkbox"/> <i>descriptive</i></p> <p><input type="checkbox"/> <i>test</i></p> <p><input type="checkbox"/> <i>practical</i></p> <p><input type="checkbox"/> <i>oral</i></p>
Head of the Department/ Clinic, Unit	Prof. dr hab. n. med. Romuald Maleszka; Klinika Chorób Skórnych i Wenerycznych
Tutor responsible for the module	<b>Prof. dr hab.n.med. Tadeusz Dębiak</b> : Dr n. med. Magdalena Boer, Dr n. med. Monika Różewicka-Czabańska, Dr n.med. Magdalena Kiedrowicz
Department's/ Clinic's/ Unit's website	klinderm@pum.edu.pl
Language	English

\*replace ☐ with **X** where applicable

## Detailed information

Module objectives		To familiarize students with the basics of symptomatology and diagnostics most common skin diseases with particular emphasis on oral mucous membrane symptoms in the course of systemic diseases, infectious diseases and sexually transmitted diseases.	
Prerequisite /essential requirements	Knowledge	Basic knowledge of skin and oral mucous membrane structure and function; Basic knowledge of the rules of dermatological physical examination	
	Skills	Subject research and physical examination of the patient, the ability to develop a patient's medical history, the ability to apply knowledge in practice	
	Competences	Habit of self-education and lifelong education, ability to co-operate with team, understanding the need to keep professional secrecy	
Description of the learning outcomes for the subject /module			
No. of learning outcome	Student, who has passed the (subject) knows /is able to /can:	SYMBOL (referring the standards) ZEK	Method of verification of learning outcomes *
W01	understands relationship between morphological anomalies and function of organs and systems, clinical symptoms and capacity of diagnostics and treatment	K_E.W01	O – student’s active participation and attitude assessment
W02	knows etiopathogenesis and symptomatology of dermatological diseases with particular focus on disease whose symptoms occur in oral cavity	K_E.W03	O – student’s active participation and attitude assessment
W03	knows symptoms of viral hepatitis, HIV, AIDS and lymphadenopathy in contagious and parasitic diseases	K_E.W08	O – student’s active participation and attitude assessment
U01	performs differential diagnostics of most common dermatological diseases in adults	K_E.U01	O – student’s active participation and attitude assessment
U02	plans diagnostics procedure and therapeutic management in case of most common dermatological diseases in adults	K_E.U03	O – student’s active participation and attitude assessment
U03	plans treatment in case of exposure to hematogenous infection	K_E.U06	O – student’s active participation and attitude assessment

U04	diagnoses and treats following skin diseases: infection disease, allergic disease, sexually transmitted diseases	K_E.U14	O – student's active participation and attitude assessment
U05	diagnoses skin neoplasms and precancerous lesions	K_E.U15	O – student's active participation and attitude assessment
U06	diagnoses dermatosis and collagen disease exhibiting symptoms in area of oral mucosa	K_E.U16	O – student's active participation and attitude assessment
U07	diagnoses diseases causing enlargement of cervical lymph nodes and mandibular lymph nodes and contagious diseases with particular regard to changes in area of oral cavity	K_E.U18	O – student's active participation and attitude assessment
K01	shows habit of self-education and lifelong education	K_K01	O – student's active participation and attitude assessment
K02	can co-operate with team members and care about occupational safety	K_K03	O – student's active participation and attitude assessment

Student's workload (balance sheet of ECTS credits)			
Form of student's activity (in-class participation; activeness, produce a report, etc.)	Student's workload [h]		
	Tutor	Student	Average
Contact hours with the tutor	25		
Time spent on preparation to seminars/ practical classess	15		
Time spent on reading recommended literature	25		
Time spent on writing report/making project			
Time spent on preparing to colloquium/ entry test			
Time spent on preparing to exam			
Other .....	10		
Student's workload in total	75		
ECTS credits for the subject (in total)	2		
Remarks			

\* Selected examples of methods of assessment:

EP – written examination

EU – oral examination

ET – test examination

EPR – practical examination

K – colloquium

R – report

S – practical skills assessment

RZC – practical classes report, incl. discussion on results

O – student's active participation and attitude assessment

SL – lab report

SP – case study

PS - assessment of student's ability to work independently

W – entry test

PM – multimedial presentation
