W02	knows the library's use rules							X
W03	has knowledge about traditional and electronic sources of medical information: databases, e-books and e-journals available through the library		X					X
U01	is able to find required book or journal in the electronic library catalog, place an order for a book using the electronic library catalog, check his/her library		X					X
U02	is able to search literature on a specific topic in biomedical databases available in PMU		X					
U03	is able to get at relevant sources of scientific information		X					
K01	has habit of self-education		X					X
K02	is aware of new scientific information		X					
Module (subject) contents no.	Description of teaching programme			No. of hours	References to learning outcomes			
	Seminar:							
TK.01	General information about the library			0,5	W01, K01			
TK.02	Library's use regulations and services, especially regulations for accessing the collection			0,5	W02, K01			
TK.03	Use the library's electronic catalog ALEPH			1	W03, U01, K01			
TK.04	Bibliographical and fulltext medical databases: different methods of searching publications, comparing search results when searching using different search methods			1	W03, U02, U03, K02			
TK.05	Online books and journals available on the PMU website			1	W03, U01, U03, K02			

Booklist			
Obligatory literature:			
1. Pomeranian Medical University – Main Library. https://www.pum.edu.pl/english/library			
2. Main Catalog - Pomeranian Medical University. http://bgpam8.pam.szczecin.pl:8991/F/?CON_LNG=ENG&func=find-b-0			
3. Instructions for use Aleph. http://212.14.5.157/%7Einstr_a/cmsmadesimple-1.6.6/			
Student's workload (balance sheet of ECTS credits)			
Form of student's activity (in-class participation; activeness, produce a report, etc.)	Student's workload [h]		
	Tutor	Student	Average
Contact hours with the tutor	2	2	
Time spent on preparation to seminars/ practical classess			
Time spent on reading recommended literature			
Time spent on writing report/making project			
Time spent on preparing to colloquium/ entry test			
Time spent on preparing to exam			
Other	2	2	
Student's workload in total	4	4	
ECTS credits for the subject (in total)	0		
Remarks			
Credit			

* Selected examples of methods of assessment:

EP – written examination

EU – oral examination

ET – test examination

EPR – practical examination

K – colloquium

R – report

S – practical skills assessment

RZC – practical classes report, incl. discussion on results

O – student's active participation and attitude assessment

SL – lab report

SP – case study

PS - assessment of student's ability to work independently

W – entry test

PM – multimedial presentation
